

**REMARKS/ARGUMENTS**

Applicant wishes to thank Examiner Pannala for the courtesies extended during the telephonic interview conducted with Gregory M. Smith on May 3, 2006. As reflected in the May 10, 2006 Interview Summary, in the above interview USPA Pub. 2002/0143587A1 (hereinafter "Champernowne"), US Patent 6,834,229 (hereinafter "Rafiah"), and claim 1 of the instant application were discussed. Applicant respectfully submitted that neither Champernowne nor Rafiah discussed or suggested a server that accessed and downloaded a portion of a data set from another server, as recited in claim 1. Examiner Pannala stated that he believed that Champernowne did disclose this limitation. No agreement was reached between Applicant and Examiner Pannala regarding the references discussed or claim 1.

By this amendment, Applicant is requesting that the Examiner cancel claims 1-8, without prejudice. Therefore, claims 23-25 are pending in the application. The Examiner noted in the Office Action of April 3, 2006, that claims 23-25 were allowable and a Notice of Allowance for these claims is therefore respectfully requested.

Respectfully submitted,

Dated: May 23, 2006
